yoodoo. for teams

Help every brain do its best work

Up to 1 in 5 people are neurodivergent: ADHD, autism, dyslexia and more, and many never say. Yoodoo is the day planner that bends when the day breaks. Offer it to everyone, no diagnosis needed, and there's nothing for you to manage.

1 in 5
people are neurodivergent, on the high estimate (10 to 20%)

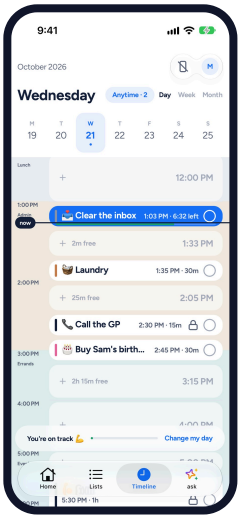

31%
of neurodivergent employees haven't told their manager or HR

22 days
of lost work a year, for each person with ADHD alone

FOR YOUR PEOPLE

A clearer, calmer workday

- **They can see time.** The day on a timeline, every block its real length, and "2h 40m until your 1:00".
- **Plans that bend.** A meeting runs over? Fix my day rebuilds the rest in a tap.
- **Reminders on the go.** A nudge before meetings, on the lock screen.
- **One place for every to-do.** Lists for work, home and everything in their head.
- **A clear plan.** What to do and when, built around the meetings in their work calendar.
- **Focus.** A focus timer with music, and an app blocker on their phone.
- **Less overwhelm.** One next step, not the whole mountain.
- **Everywhere.** iPhone, Android, and the web on any Mac or PC, in sync.

FOR HR

No diagnosis, no disclosure
Anyone with your work email claims a seat. Nobody has to say why.

Private by design
You see who holds a seat. Never anyone's tasks, plans, notes or calendar.

Nothing to manage
No admin console, no training. They download it and plan their first day in two minutes.

Works with your calendars
Google Workspace directly. Outlook and Microsoft 365 through the calendar on their phone.

A reasonable adjustment
Software is one of the quickest adjustments you'll ever make.

GDPR, sorted
UK and EU GDPR. A data processing agreement for every team.

$59.99
a person, a year. From 5 seats, by card or invoice. Less than one lost afternoon.

1. **Tell us about your team**
How many people, from 5.

2. **Pay your way**
Card, or an invoice with your VAT and PO number.

3. **Tell us who's in**
Their work emails. We switch Pro on for each, within a day.

4. **We do the rest**
A ready-made announcement and a short intro video.
